

New York State STOP-DWI Foundation, Inc.

By TODD J. CASELLA, ESQ. YATES COUNTY DISTRICT ATTORNEY

No training credits are available.

- What is an Unconventional DWI?
 - A DWI where the conventional investigative tools don't work or are not an option.
 - Refusal to submit to SFST, PBT, chemical Test
 - Unconscious suspect, non-verbal suspect, combative suspect
 - Suspect left the scene, "home free" DWI
 - Any standard DWI where conventional evidence is suppressed by the Court.
- Redefining how to Investigate a DWI and looking beyond SFST
 - A focus on operation, contents of vehicle, talking to the suspect, and looking beyond the stop.
 - Civilian witnesses can be the best witnesses, find them and talk to them – be aware of your *Brady* responsibilities
 - How to articulate a suspect's intoxication without referring to SFST or breath tests
 - What is the deference between Intoxicate and Impaired?
- Different types of Unconventional DWI and how to get the evidence
 - Standard stop – No SFST (refused), no chemical test (refused)
 - Standard Stop – Combative suspect, No SFST (refused), no chemical test (refused)
 - Standard Stop – Non-verbal suspect, No SFST (refused), no chemical test (refused)
 - Single Vehicle MVA – Suspect incapacitated
 - Single Vehicle MVA – suspect left the scene
 - Multiple Vehicle MVA – serious physical injury to another and no serious physical injury to another
- Orders to Compel Blood and other blood draw related issues – serious physical injury or death to another
 - What is the process(es), who do you call, how fast to you need to act, what information do you need on ready, do you have a copy of an application?
 - What is the Two-hour rule and when does it matter?
- Search Warrants are your friend – when should you consider using them
 - Don't ignore the suspects cell phone – it most likely has all the evidence to prove your case
 - Cell Site Data, Google Earth.
 - Know what you are looking for and narrow your parameters in your application for the search warrant and the execution of the search
- Special Cases – DWAI Drugs
 - All the same issues can and do arise in DWAI Drugs cases
 - What is the standard – impaired to any extent or substantial impairment
 - Does a refusal to submit to a chemical test mean your case is dead?
- Conclusion/Closing Remarks
